

### WE HAVE GOOD FOOD EVERY DAY, BUT, You "Ain't" Lived Yet

Until you've eaten our fried spring chicken we feature every Sunday . . . It's that tasty, melt in your mouth chicken, just like your mother used to fry . . . It's good to the last bite.

—Charley

**AERIAL VIEW . . .** Some conception of the new Belhart Bridge now under construction can be obtained from the aerial view pictured above. The west side of the river is in the background. One part of the construction, referred to as the River Structure, and which will connect 223rd street on the west side of the river with Wardlow Road on the Long Beach side, will be completed about the first part of the year. The section of the bridge that will tie into the proposed free-

way to run parallel with the river, is referred to as the Los Angeles River Freeway grade separation structure. This section will not be completed until the middle of March next year. According to reliable information, contracts on approaches to the bridge are not let yet, nor has all the property for right-of-ways been acquired. Total cost of the bridge is \$1,500,000 and is being constructed under contract by Guy F. Atkinson Company.

**RECORD SETTER**  
Navy flying boats Mars flew 52,500,000 passenger miles without an accident in 1948.

**PRECEDENT**  
The Navy's giant plane, Constellation, is the first to use four-wheel tandem landing gear.

**ASSUME NOTHING**  
Assuming someone else has called the Fire Department foolhardy.
